Mr. W. L. Ripley

Minneapolis, Minnesota

Dear Mr. Ripley,-

I am enclosing herewith copy of the orders we have placed for the engraving of the charter and preparing of the shingles for your installation. Badges have already been ordered and I wish to thank you for the way you have cooperated with us.

We will want to have a writeup in our DELSIG of the installation of your chapter and I wish you would send me about four or five hundred word historical sketch of the University of Minnesota, the last paragraph or two being on the School of Business; an article that would take about a page and a half in our magazine, and I will supply the balance of the article in regard to the installation. We will include this in the next issue.

Has your group had a picture taken for the year book? If so, I would like to have a gloss print of it to have a half tone made for publication in The DELSIG.

Sincerely yours,

HWT:L

President.

Dear Sir:

The following is a list of men, who constitute the Delta Sigma Club of the School of Business, University of Minnesota, in hope that they are applying to Delta Sigma Psi Business Fraternity for a charter.

(Here follows a list of names)

This club is recognized by the University as a regular student organization. With the exception of four they all rate considerably above the average. The four are just on the line - merely a hair's breadth to rate them above the average. I recommend them to you for your consideration.

Very truly yours,

(Signed) Edward E. Nicholson
Dean of Student Affairs

I think the letters speak for themselves. They are a mighty fine bunch of college men, interested in our work, and as you will note from Dean Nicholson's letter, the club is recognized by the University as a whole, but in the School of Business they receive C as passing. And our entire group of publications are ABOVE the C average, which is saying a lot.

With the approval of Brother Hoyt, Chairman of the Extension Committee, I ask your approval of granting the Delta Sigma Club at the University of Minnesota, our ALPHA-PSIILON Charter. This letter is sent you in duplicate (on our office stationery), although we have already received it very good (at) and you are requested to indicate your approval or disapproval on one copy and return to my office promptly, keeping the other copy for your files. Please reply as a gift.

Fraternally yours,

Dear Sir:

The following would be the members of the Delta Sigma Club of the School of Business, University of Minnesota, inform me that they are applying to Delta Sigma Pi National Fraternity for a charter.

(Here follows a list of the names)

This club is recognized by the University as a regular student organization. With the exception of four they all rate considerably above the average. The four are just on the line, - barely a hair of the line to save them above the average. I recommend them to you for your consideration.

Very truly yours,

(Signed) Edward E. McLaughlin
Dean of Student Affairs

I think the letters speak for themselves. They are a Delta Sigma Club of college men, interested in our work, and as you will note from McLaughlin's letter, not ONE man is UNDER the average. I might say that D is passing for the University as a whole, but in the School of Business they require D as passing. And our entire group of petitioners are ABOVE the D average, which is saying a lot.

With the approval of Brother Boyd, Chairman of the Extension Committee, I ask your approval of granting the Delta Sigma Club at the University of Minnesota, our ALPHA-DELTA Charter. This letter is sent you in duplicate (on our DITTO machine, although we haven't learned to operate it very good yet) and you are requested to indicate your approval or disapproval on this copy and return to my office promptly.
